

Topic 1: Naming Words (Nouns)

Explanation (250 words):

In English, words that name people, animals, places, or things are called **Naming Words**. These are also known as **Nouns**. Naming words help us to know what or who we are talking about.

Let's understand them with some examples:

- **People:** boy, girl, teacher, doctor, mother
- **Animals:** dog, cat, elephant, lion
- **Places:** school, park, zoo, home
- **Things:** pen, ball, chair, book

Example Sentences:

- The **boy** is playing.
- I have a **book**.
- The **dog** is barking.
- We go to the **school**.

Naming words can be:

- One word: cat, table, city
- More than one word: ice cream, teddy bear

We use naming words every day when we talk or write. They are the most basic part of any sentence because without them, we won't know who or what the sentence is about.

Let's play a small game! Look around you. Can you name five things you see? You just used five **naming words**!

So, remember: If a word names a person, animal, place, or thing, it is a naming word!
